Discussion and collaborated response in relation to:

Application No: 21/0230/FUL

Description: Erection of 9 dwellings with new access off Moat Close and associated external works.

Location: Land to The East Of The Holt And Adj Moat Close Desford Road Thurlaston Leicester

TE gave a brief overview of the site and all recent events and/or related applications, then granted permission for questions and concerns to be heard by the public present.

Proposal: Formal objection to be raised in writing ensuring the following are incorporated:

That the application fails on the following main points

- The location is against planning policy at Blaby district council level and the Fosse villages Neighbourhood Plan.
- The location is on agricultural land outside the village boundary

- It is an unsustainable location. The village has limited services. there is an attempt to talk up the importance of various amenities eg shop
- Bus services are infrequent and there is limited local employment.
- The road junction is regarded in the village as dangerous. The Parish Council has alerted Highways on at least two occasions.
- Stress the recent referendum result and FVNP Policies
- Blaby DC policies, specifically:
 - CS2 – Design of New Development – this may be harder to argue on this site.
 - CS5 – Housing Distribution – we have met our minimum allocation.
 - CS18 – Countryside – the site is in the Countryside, outside the village build limits and a designated Local Green Space.
 - The general NPPF policy about ‘sustainable’ development, which carries into the Blaby DC Local Plan, should also be stressed.
- Use the Planning Inspector’s comments re non sustainability of Village.
- Thorough review of the Transport Statement and ensure correct information is known.

Decision: Accepted.

EF to compose draft, circulate to all Members for approval then submit to BDC by Friday 28th May 2021.

03-25/05/21 Exchange
