Energy Rebate Payments

The Government announced a one-off £150 Council Tax energy rebate for all households in England whose main home is in Council Tax bands A-D.

Blaby DC are committed to distributing the energy rebate to qualifying households ASAP. Residents paying their council tax by direct debit will already have started to receive their rebate.

Don't worry if you don't pay by Direct Debit. The council are negotiating with a third party to manage these payments on the behalf of the council. It is anticipated that these payments will be made in May and June.

There is a dedicated web page on the Blaby DC website containing update information.
