Email	Received from Mr Boddy relating to agenda item and discussion ‘woodyard development’ 6 June 2023 Full Council meeting the inclusion of the following for transparency requested: Considering all the foregoing, but noting the comment made about the highways information at the recent Parish Council meeting, I would appreciate it if you could place on record the fact that I would welcome details of the highway calculations obtained by the particular councillor, and that without them being shared with me it is reasonable to expect all parties to agree that the highway data my consultants and I have presented is correct. I ask for this because the councillor is a representative of the Parish Council therefore, even if what he said was not instigated by the Parish Council, it is a fact that his opinion was made known publicly, so it should be noted that we have acknowledged it in full, and in the absence of empirical data we have addressed it to the best of our abilities.
